

Cardinal Health™ FLEXAL™ Comfort
Powder-free nitrile examination gloves

The best-selling¹ glove in the U.S. just got better!

Cardinal Health™ FLEXAL™ Comfort is the next generation of our FLEXAL™ nitrile exam gloves - combining excellent fit and comfort with improved protection from chemotherapy drugs and lab chemicals. And if that is not enough we have also added an FDA approved low dermatitis potential claim which makes this glove one of a kind.

Features and benefits:

- FLEXAL™ Level protection
 - Standard protection level within our High Use portfolio
- Latex-like min elongation² based on the min. ASTM standard³ which can help to **reduce cuff tears during donning**
- Low dermatitis formulation - reducing the risk of developing a type IV hypersensitivity to chemical accelerants
- Tested for use with 9 chemotherapy drugs⁴ according to ASTM D6978
- Tested against 19 common lab chemicals⁵ with 15 showing breakthrough times above 30min
- Premium box with dispensing film
- USP 800 compliant⁶

High Use portfolio: non-sterile exam gloves designed to serve a broad range of everyday clinical needs.

Cardinal Health™ FLEXAL™ Comfort

25% more

gloves per box than our FLEXAL™ nitrile product —reducing packaging waste by 9%⁷
